

The Trinity Fund
of the
Middlesex Lambton Huron Association of Baptist Churches

The Name:

This fund is so named in memory of the Trinity Baptist Church of Petrolia, Ontario. This church, when they disbanded, left a sum of money to the MLH association. The money was put into a new fund.

Purpose of the fund:

The Trinity Fund can be used for the following purposes:

- 1) **To Begin a New Cause.** If a recognized group of individuals wish to begin a new Baptist cause, it would make application to the association executive for financial assistance. The association fund trustees would be expected to investigate the need of a new cause in this particular area, and then would make the decision as to what amount of money they would give to the cause. Unless it were an exceptional case, the money to begin a new cause would be considered a donation to its work.
- 2) **A member church of the association may make application to the association fund trustees for a grant or loan to either improve its facilities or to begin an evangelical outreach into its community.** This application would be considered by the fund trustees, and if approved the grant or loan would be made. The trustees (in consultation with the executive if needed) would make the final decision as to the amount of the grant or loan. If a loan is granted, it would be repayable at the current interest rate paid by the certificate interest fund, repayable over a period of time as decided between the church and the executive. Consultation with the moderator and association executive shall take place when it is unclear if the proposed use of the funds fits the uses intended by these guidelines.

In the event that the above repayable terms are not met, the outstanding balance shall be payable immediately or, at the discretion of the trustees in consultation with the association executive, may be continued at the current interest rate charged by the certificate interest fund.
